SUPERINTENDENT'S BUSINESS

Bruno started off the discussion by providing an update on the construction. They hope to have the water main done by the end of the month. The temporary water main is waiting in Kansas to be picked up. Mr. Bamsey asked where the temporary pipe goes when they're done? Mr. Vallieres answer that it goes to Coleman. Discussion ensued regarding the temporary pipes. The construction crews are not going to work nights next week.

The sewer connection to the old Mountain Top Music building was dug up to prove which end was the problem. Need to find out if the old pipe collapsed or if it was crushed. Coleman is going to pay for the plumber and clean-up.

Bruno then gave an update on raising manholes on Muster and Hillside.
